

## **NOTICE OF STREET WORK**

### **Traffic Advisory**

The City of Los Angeles, Department of Public Works, Bureau of Street Services will implement roadway improvements on Sunday, August 26, 2018 in Council District 09 and 14, on Figueroa Street, from Pico Blvd. to 12<sup>th</sup> St.

While the project is in progress, temporary “No parking” signs will be posted on the street at least 24 hours before the actual work begins to provide notice to residents and business owners. Please have all vehicles removed from the street to protect them from damage by construction debris and to prevent interference with the planned work. When work is completed the signs will be removed to allow for vehicular parking.

Vehicles will not have access during the slurry seal project. When the crews are working there will be construction equipment and trucks in the area. This equipment may be of interest to children. Please be careful and ask children to avoid the equipment and work-site area. Persons with mobility impediments and their caregivers can request assistance if the scheduled street work limits their use (including ingress or egress) of the public right of way.

If you have questions or need to request an accommodation, contact the supervisor on the project site at 213-847-3200, or call the LADOT Project Manager at 213-305-0312.
