

Dear Resident –

We hope that you had a wonderful week! Here are a few updates that we would like to make you aware of.

Waterproofing Update

We are beginning the last phase of the garage waterproofing project on Monday, December 18th. This will require us to close the entrance ramp from Monday, the 18th through Friday, the 22nd. There will be two-way traffic using the exit ramp for the week. Please use caution and follow the posted signage. Incoming traffic has the right-of-way since it is safer to back-up in the parking garage than it is to back-up onto Sixth Ave.

AT&T Installation Completion

We are happy to report that the in-unit portion of the AT&T installation is complete. They still have work to do in the common areas before services can be provided but we would like to thank you all for your patience and for granting access while this part of the project was underway.

Annual Toy Drive

There have been many generous donations to this year's toy drive. It continues through Wednesday, December 20th, if you have not had the opportunity to contribute and would like to do so.

On behalf of your Park Laurel team, have a nice weekend!
